

THE KNOCK AT THE DOOR THAT EVERY PARENT DREAMS...

Don't let this be you at Christmas

Young drivers are over represented in the road toll. In many cases overconfidence and a lack of experience and skills combine to create potentially fatal situations. The AHG Driving Centre offers young licensed drivers a range of defensive driving courses that focus on reducing their risk on our roads. The AHG Driving Centre is recognised as one of the best training facilities in the nation and is utilised by many of Australia's biggest corporations.

Our "Young Drivers" defensive driving courses may be the most valuable gift you can find for your children this Christmas.
